

DANILLE Turissini

for STATE SENATE

Danille wants to get rid of the partisan gridlock. We can't keep electing the same people and expect a different result. Danille will provide independent leadership to get results for our community.

Small Business and Jobs Friendly

"I support small businesses because government and politicians don't create jobs, entrepreneurs do."

Improve Our Local Schools

"We need to fulfill our funding obligations to education. But it's not just about money. We need to support vocational training to prepare our kids for a broad range of careers in today's global economy."

Government Accountability

"I will hold state government accountable with your tax dollars. We need to cut wasteful spending, improve efficiency, stop imposing unnecessary laws and regulations, and keep taxes in check."

Building Bridges, Not Barriers.

It's time for a new voice:

DANILLE TURISSINI

Meet Danille. She's a community leader, public relations consultant, former journalist, mother of three, and grandmother of three.

Community Leader

Danille was a co-founder and the executive director of PEAK Leadership, a 10-month adult community leadership development program in Clallam and Jefferson Counties. She's a former member of the Peninsula Development District regional council on economic development and a founding member of the EDC Team Jefferson, the Jefferson County state designated Associate Development Organization (ADO). Auxiliary Board Member, Music Aid Northwest, and legislative liaison for the Music Matters special license plate project to fund music programs in Washington schools.

Public Policy Experience

Danille has been active in public policy for more than 30 years. She is a former journalist and a public and media relations consultant. She is passionate about grassroots citizen involvement and has trained over 1000 Washingtonians in knowing how to navigate Olympia and build relationships with the people who work there. Her experience spans three states working with elected officials and organizations to improve public policy.
